

**This document contains the description of each table in this university database.**

1. Class: (cname, meets\_at, room, fid) PK: cname

Field name	Data type	Description
Cname	Varchar(255)	The name of a class,e.g. 'Psychology'
meets_at	Varchar(255)	Schedule of the class, e.g 'TuTh 12:30-1:45'
Room	Varchar(255)	Location of the class, e.g 'R12'
Fid	Bigint	Identification of a faculty who teaches a class

There are 23 records in this table

2. Enroll (snum, cname) PK (snum, cname)

Field name	Data type	Description
Snum	Bigint	Student number, e.g. 112348546
Cname	Varchar(255)	Name of the class that a student enrolls in, e.g. 'Psychology'

There are 21 records in this table

3. Faculty(fid, fname, deptid) PK(fid)

Field name	Data type	Description
Fid	Bigint	Faculty identification, e.g. 141582651
Fname	Varchar(255)	Faculty name,e.g 'I. Teach'
Deptid	Bigint	Department identification where the faculty works, e.g. '20'

There are 15 records in this table

4. Student (snum, sname, major, level, age) PK (snum)

Field name	Data type	Description
Snum	Bigint	Student number
Sname	Varchar(255)	Student name
Major	Varchar(255)	Major, e.g 'Law'
Level	Varchar(255)	'SR' for seniors 'JR' for juniors 'SO' for sophomore 'FR' for freshmen
Age	Bigint	Student's age

There are 24 records in this table
